

West Yorkshire Information Service

Transdev Blazefield Current Fleet Lists

As at 3rd January 2025

What's new in this update?

The loan of Keighley Volvo B7RLE 1825 to Flyer was short-lived, it's back at its home depot. Team Pennine 1858/61, both recently repainted into pink, haven't yet received vinyls. SECOND UPDATE -2350hrs - From a social media post by Paul Turner - Volvo B7TL/Plaxton President 2702 has moved temporarily from Burnley to Keighley. Volvo B9TLs 2422/3 are moving from Keighley to Idle for schools services. Harrogate Volvo B7RLE 1857 has temporarily moved to Team Pennine, with 2 more to follow and their permanent replacements for schools services are scheduled for the spring. The recent move of Mercedes/Mellors 66/7 from York to Elland is due to revised workings in Halifax as a result of roadworks in the town centre. (and, further to our earlier update) 1858/61 are now branded. A further social media post has indicated (subject to confirmation) the fleetnumbers for the vehicles joining the York and Country fleet from Reliance later this month - we've added the expected number to the footnote for each vehicle but we'll put them in York number order when they join the York fleet and are still showing them in Reliance number order for now.

30th December 2024 update-

Mercedes/Mellor Stratas 66/7 have moved from York to Team Pennine (Elland). Bustimes.org has training bus T995 now at Harrogate instead of Burnley. Team Pennine Elland ADL E200MMC 574 is back operating out of Waterloo depot. Keighley Volvo B7RLE 1825 is once more at Flyer.

23rd December update-

An update on bustimes suggests recently repainted Blackburn Volvo B9TL 3613 is in (currently unbranded) Transdev Go livery. Team Pennine Volvo B7RLE 1715 was collision damaged in late November. Recently repainted Burnley ADL E400MMC 2017 has had vinyls applied with the new Transdev Go app logo at the back, unlike 2018/9. Coastliner 3635 now sports a lower rear "stay in Scarborough" advert on a light green base. Recently repainted Coastliner Volvo B7RLE 1860 was reported parked at Malton awaiting vinyls.

21st December update-

We've added the vehicles coming from Reliance on 19th January 2025 to the York and Country section, ordered according to their current Reliance fleetnumbers, however please bear in mind their fleetnumbers may change into Blazefield's number series to be compatible with vehicles of a similar type and also those Reliance vehicles that carry names *may* lose those names as some have connections to Reliance's owners. Finally, the number plate on Reliance 30 (G19REL) *may* stay with Reliance and that bus revert to its original registration number. Of note, Reliance ADL Enviro 200 MMC YX19OWA is a returnee of sorts, having operated for The Blackburn Bus Company when it was an ADL demonstrator and was numbered 303 by Blazefield for its stay back then. From a Paul Turner social media update this evening, 2213 appeared on a service 36 Harrogate-Ripon return trip today and with the other two so far delivered is being used for driver type training. Two of the new "36"s were used to take children from Oatlands Infant School to meet Santa at the Cedar Court Hotel elf village, created by the team Enchantica's. All but two of the remaining Harrogate Mercedes eCitaros are expected before the year end and the first Flyer Mercedes Citaro hybrid is complete for approval. At Team Pennine, the repaints of ex-Harrogate 1858/61 are complete and they have returned to Elland depot, with similar 1860 now back at York for Coastliner York-Leeds workings. Another recent repaint, ex-Harrogate 3613 is now back at Blackburn. The first of the diesel "36" fleet to be prepared for Keighley is expected to be 3626, as it suffered collision damage while on service recently. Team Pennine (Waterloo) have been awarded six single-deckers worth of school workings with effect from January and Idle (Flyer depot) two double deckers worth from the start of next term (note the 2 based at Idle may be the workings mentioned as Keighley ones in the 15th December update). The extra school workings will necessitate some fleet moves, both short-term and permanent. Elsewhere, Coastliner 3631 has gained a lower rear Jorvik Viking Centre superimposed on its Scarborough vinyl, with 3638 seeming to have gained a similarly-positioned advert. York Mercedes/Mellor 62 hasn't tracked for a few days, has it gone for repaint into York blue livery? We'd like to take this opportunity to thank all our correspondents and site visitors for their support throughout this year and wish everyone a happy and safe Christmas and best wishes for 2025.

15th December update-

Further to the last report, York Versa 212 returned to service. With effect from January 5th, according to West Yorkshire Metro's website, Keighley will take on school services SM36/9 and Team Pennine will operate 418, CV3, K1, K79/80/2/5/6/9.

8th December update-

With effect from January 19th, York and Country are taking over Reliance of Sutton-on-the-Forest services 30, 30X, 30XS, 30SE, 31X and 40 and the 155R and 162R school runs. The Reliance brand is staying with that company and the Reliance depot is not included, so buses will be allocated to the Transdev depot at Rawcliffe Bar, York. Included in the sale are 11 of Reliance's buses, these being Volvo B9TL/Wright Geminis 18, 23 BJ11EAE, SN57GNO, Volvo B8RLE Wright Eclipse3 5 BA15BXS, Volvo B8RLE/MCV Evoras 25/6 BV22HBH/J, Volvo B7RLEs/Wright Eclipse 4, 22, 30 BF62UYO, AE12FGM, G19REL and Alexander Dennis Enviro200MMCs 9, 16/7 YX68URM, YX19ONV/WA. We'll add the vehicles to the York section a little nearer the takeover date. In other notes, York Versa 212 hasn't tracked since November 28th, any confirmation as to whether it's been withdrawn would be appreciated.

The Harrogate Bus Company (Starbeck depot)

Harrogate & District Travel Ltd. Company no. 02327319

---------	----------	--------------------------------	--	---------	------	-------	--	---

New to Yorkshire Coastliner.

Key to notes:- a = ancillary vehicle (officially numbered 911 but physically carries 777); CS = City Sightseeing livery; LOT/REL = Lothian red and white livery with Reliance branding; REL = Reliance green and cream livery; RIBROV = Orange and cream Ribble Country livery with Rovers branding; TB = Two tone blue York & Country livery; TBR = Revised York and Country livery; TD = Transdev proud to support diversity livery; TF = Base Transdev Go black & grey with flags representing all the countries Transdev staff originate from; TG = Black and grey Transdev Go livery; YC = Yorkshire Coastliner livery; YCW = Yorkshire Coastliner livery with Whitby branding.

Note - the vehicles coming from Reliance from 19th January 2025 may well be renumbered into Blazefield fleetnumber series, the Reliance vehicles that are named may well lose these names and the G19REL number plate on vehicle 30 may well stay with Reliance. We await confirmation of all these points and will update accordingly when we know.

New to LU (MSS); to LU (Intack) in 2011. Converted to driver training vehicle 05/19, still in blue & yellow LU livery. Repainted into black and grey "The Academy" training livery 09/20. Renumbered from 1098 in 2020. Re-registered from PN02HVY in 2021. MoT expired 31/7/24.								
Key to notes:- BB = Two tone blue Blackburn Bus Company livery; BBC = Two tone orange Burnley Bus Company livery; BR = Black and red "36" livery; GMH= Greater Manchester Heroes livery; HBC+1 = Two tone red Harrogate Bus Company livery with service 1 branding; KBC = Two tone green Keighley Bus Company livery; RR = Orange and yellow Rochdale Runners livery; RW+MB = Red and white livery with MyBus branding; TB = York and Country two-tone blue livery; TG = Black and grey Transdev Go livery; VL = Blue and yellow Valley Line livery; VM = Magenta VAMOOZ livery; W = White livery.								
General Note:- * after the fleet number denotes LED front destination displays, at least. Most LED-equipped buses have these all round, but a few only have front LEDs, retaining flip dot displays at side and rear. Otherwise all buses have roller blind or flip dot displays or a combination of both.
